OFFICIAL ESTABLISHMENT OF TRUMPF VIETNAM

TRUMPF officially established new head office in Vietnam to replace its 10-year representative office // From 3rd to 6th of July 2018, TRUMPF Vietnam will attend MTA VIETNAM

Ho Chi Minh City, 26.06.2018 – TRUMPF officially announced its new establishment of TRUMPF Vietnam Co. Ltd. as a subsidiary of TRUMPF Asia Pacific, owned by TRUMPF GmbH + Co. KG in Germany.

TRUMPF is represented in Vietnam since 2006 and has been expanding its local team and presence continuously. With a new full legal entity in Vietnam, the company has now grown to a team of around 40 to support businesses with local sales, spare parts and service requirements with the main purpose to be close to its customers. TRUMPF's 22 European-trained engineers are dedicated to install, inspect, maintain and repair machines locally as well as providing extensive trainings for customers operating the TRUMPF high-end technology in their manufacturing plants.

From 3rd to 6th of July 2018, TRUMPF will be represented with a booth at the 16th International Precision Engineering, Machine Tools and Metalworking Exhibition & Conference (MTA Vietnam 2018) at Saigon Exhibition and Convention Center (SECC), 799 Nguyen Van Linh Parkway, District 7, Ho Chi Minh City, Vietnam (Stand AB4-01).

TRUMPF's participation at this year's MTA will be very special: TRUMPF has ventured into the forefront of virtual reality and for the first time in Asia and will premiere an all new, exclusive experience by integrating innovative Virtual Reality technology to their booth! Customers will be able to experience different machines of the product portfolio in a virtual environment and thereby have a closer look than ever before on how the machines function.

By integrating its products into a VR application, TRUMPF enables visitors of the booth to experience the TruLaser Tube 5000 fiber for the first time in Asia. This productive all-around machine could never be displayed before due to space restrictions and finally visitors can explore the laser tube cutting machine on site and in action.

TRUMPF is a family-run company that has been constructing machines since 1923, making it a reliable expert in its industry. With constant innovations, TRUMPF strives to provide its customers with the best solutions for cost-effective, reliable manufacture of products of a high quality.

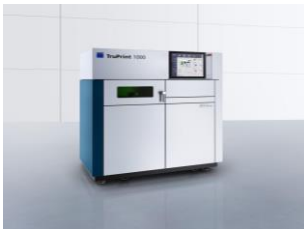

The company became market and technology leader in fabricating machinery and industrial lasers for flexible sheet metal processing and the products manufactured with the company's technology can be found in almost every sector of industry.
