# **TRUMPF Inc. to open technology center on the West Coast**

FARMINGTON, Conn., November 7, 2018 – TRUMPF has announced that it will strengthen its presence on the West Coast with the opening of a 20,000 sq. ft. facility in Costa Mesa, California in early 2019. The new West Coast Technology Center will be conveniently located within close proximity to the John Wayne Airport in Orange County.

With this step, TRUMPF will be even closer to its customers in the West. Those customers will have the opportunity to attend operator and programming training, machine demonstrations, and technology seminars at this technology center. Remote connectivity to the TRUMPF Smart Factory in Hoffman Estates, Illinois will enable guests to view machine demonstrations, in real-time on a variety of TRUMPF equipment. In addition, customer webinars will also be held at the company's California location.

When visiting the new facility, guests will experience TRUMPF's latest technology advancements and Industry 4.0 solutions for sheet metal fabrication. A 13,000 sq. ft. showroom will be equipped with six TRUMPF machines and a 650 sq. ft. training room will be dedicated to optimizing customers' knowledge and skillset on TRUMPF equipment and TruTops software. Additional space will be occupied by employee offices and customer meeting rooms. Visitors will also have the opportunity to learn about TRUMPF's TruServices and TruConnect solutions for their manufacturing processes.

### **About TRUMPF**

TRUMPF is the world market and technology leader in fabricating machinery and industrial lasers. Products manufactured with the company's technology can be found in almost every sector of industry. TRUMPF Inc. is the largest subsidiary of the TRUMPF Group and is dedicated to serving the U.S., Canadian and Mexican markets.
